3 Process and Procedure

3.1 Supporting Applicants who have, or are awaiting, EHCPs

- The College will engage with the Local Authority EHCP consultation process as set out in current legislation and will provide information to the Local Authority as to the college's ability to meet the educational support needs of the young person. A positive confirmation of this will not necessarily mean acceptance to the vocational programme of study applied for, and applicants will still be required to follow the application and interview process set out in this policy.
- Where admittance of a student with an EHCP will require additional funding from the Local Authority (to ensure all needs can be met), it may be necessary for the college to issue a conditional offer of a place until such time as the Local Authority has confirmed that funding is approved.
- Where a student applies to the college and receives an offer of a place without disclosing their EHCP or learning needs, it may subsequently be necessary for the college to review any offer issued to ensure its ability to meet the statutory duty as detailed in the SEND Code of Practice.
- Students with EHCPs should also be referred to the Inclusion and Support Department.

- Referrals are made to Inclusion and Support, Careers Guidance and Safeguarding teams by all staff, where appropriate. Inclusion and Support team works with schools and agencies to establish potential barriers and work with students and their families to suggest and implement support packages.

3.2 Clarify exceptions to the admissions process

- Although College and course requirements are set and communicated to all applicants, certain exceptions may apply. These are at the discretion of the Head of Faculty and may include reasons such as interrupted schooling, portfolio instead of grades on entry, medical difficulties, home education, previous relevant employment and experience and previous non-academic achievement. The final decision is made by the Head of Faculty and may include conditions of enrolment.
- Applications from students under the age of 16 on 31st August prior to their course start date should be made by their school or current education provider.
- The College has the right to refuse admission to a course, where the applicant does not meet the criteria set out in the relevant funding guidance.
- The College has the right to refuse admission to apprenticeship training where the student does not meet entry requirements of the programme or where their current employment does not cover the scope of the apprenticeship.

3.3 Identify the process for determining course entry requirements

- The Senior Leadership Team agree and set the College entry requirements.
- Admissions will confirm prior to interview requirements for each department which may include assessments, auditions or portfolios.
- The relevant Senior Leadership Team member who is responsible for ensuring consistency of entry requirements across departments and will respond to requests for changes to these through the appropriate channels.
- Deadlines for making changes must be in line with Marketing and Communications' requirements to meet deadlines for prospectus production and student recruitment.
- If entry requirements are changed during recruitment for the next academic year this must be communicated to the Admissions Manager in a timely manner to allow appropriate correspondence to prospective learners to take place.

3.4 Interview non-attendance

- The College reserves the right to withdraw any applicant who does not attend their College interview and does not contact the College prior to enrolment or induction. The College will endeavour (wherever appropriate) to contact the applicant either directly or via their school or college to ascertain the reasons for their non-attendance and will offer an alternative date.

3.5 Initial Assessment

- Any information from initial assessments will be used to determine the appropriate level of study and used as a diagnostic for assessing potential learning support

needs for students to the curriculum teams, Admissions and Inclusion and Support to help them with their studies. Reasonable adjustments to the initial assessment process may be made for candidates with disabilities.

3.6 Provide clear expectations of the college / student partnership during the induction process

- All students are inducted into college before taught lessons start. During induction the College expectations should be outlined along with what the College commits to offering.

3.7 Equity, Diversity and Inclusion

- The College welcomes applications from applicants irrespective of their age, disability, family responsibility, marital status, race, ethnicity, nationality, faith, gender or sexual orientation, in line with the College's Equity, Diversity and Inclusion Policy.

3.8 The role of the Fair Access Panel

- The Fair Access Panel will consist of the Designated Safeguarding Lead (DSL), Inclusion and Support, a member of the Senior Leadership Team and, where appropriate the relevant Head of Faculty. The aim of the panel is to ensure the right support is being offered for students currently on programme. The panel will also discuss and agree the most appropriate progression for students who have experienced previous barriers to learning or who have not met College expectations in a previous year of study at the College.
- Other potential support needs and barriers to learning will be identified during the screening process that Admissions carry out. These will be subject to appropriate referrals such as Safeguarding and Wellbeing, Inclusion and Support and Careers Guidance teams.
- Where new applicants are declined and wish to appeal this decision, they can ask for their case to be referred to the Panel who will consider all relevant information to ensure decisions reached are fair and appropriate. The College reserves the right not to accept a student in College but will work with them to refer to more suitable provision, as appropriate.

3.9 Apprenticeships

- Wiltshire College & University Centre offers a wide range of apprenticeships and recruitment to these programmes is managed by the College's Business Development team.

3.10 Course Closure

- Where a course is under-subscribed or there is a significant change to government funding which creates non-viability, the College reserves the right to withdraw the course. In such cases, applicants will be offered Information, Advice and Guidance on the availability of alternative courses, both at the College and with other suitable alternative education providers wherever possible.

3.11 Overseas applicants

- Any applicant presenting non-UK qualifications for entry onto a programme will be considered against the standard entry criteria and will still need to show English and Maths within their curriculum qualifications.
- A number of equivalent qualifications are considered, and applicants should contact the Admissions Team with specific queries related to non-UK qualifications and language requirements.
- When comparing non-UK qualifications from non-UK backgrounds, the College will refer to ENIC, the designated UK National Information Centre for the recognition and evaluation of international qualifications and skills.
- Documentation to confirm residency and nationality will be required.

4 Criminal Convictions

4.1 Criminal Convictions and DBS Check

- Applicants are required to declare unspent criminal convictions within the application process, prior to starting their course. A course and/or residential accommodation offer may be refused for applicants with certain unspent criminal convictions so as to safeguard the whole student community. All applicants who declare an unspent criminal conviction are required to complete a Criminal Record Disclosure form providing details of the conviction. This will be reviewed by the Cross College Safeguarding Group to reach a decision.
- It is our policy that all those who apply to study with the College are required to disclose any unspent criminal convictions on the Criminal Record Disclosure Form (CRDF). (Annex A). Failure to disclose, or subsequent discovery of a conviction, will be treated seriously and may result in a student being withdrawn from their course.
- The College aims to ensure that all applicants who make a disclosure of a criminal record, have access to a fair and confidential admissions process, while preserving the College's duty of care to the entire student and staff community.
- The College recognises that access to education and training is one key element in the effort to assist those with a criminal record not to reoffend and to move on in life.
- Having a criminal record will not prevent an applicant from being considered by the College, nor will the information disclosed necessarily prevent a person from studying on the course of their choice. However, depending on the course, there may be occasions whereby a conviction may preclude an applicant from enrolling on that course. In such cases, the College will discuss this with the applicant and will endeavour to offer appropriate alternatives.
- The information disclosed on a criminal conviction is 'sensitive personal data' under the terms of the Data Protection Act 2018. The College will ensure that all such information is processed, stored and protected in accordance with the College's Data Protection Policy, the FE Retention and Disposal Schedule and the College Privacy Statement.

- The documents relating to unsuccessful applicants will be destroyed no later than 28 days after the Safeguarding Panel decision being communicated to the applicant, except for the record of the decision itself. The notes of the Safeguarding Panel will include minimal information:
 - Applicant name
 - Course applied for
 - Date of application
 - Date of Panel decision
 - Reason for refusal
- For successful applicants, all documentation will be retained in accordance with the FE Retention and Disposal Schedule.
- All disclosures and discussion regarding any disclosure will be treated confidentially. If in the course of its assessment of risk, the College is required to contact an external organisation such as Social Services or the Youth Justice Service, consent will be sought from the applicant on the criminal conviction disclosure form.
- The College does not normally require applicants to be DBS (Disclosure and Barring Service) checked other than those who apply for specific courses in Health and Social Care or whom are required to have a DBS check for their work placement or reasons of professional requirement in that sector. This DBS checking will normally be completed as part of the enrolment process. All offers for courses where there is a DBS check requirement will be conditional on successful DBS clearance.
- Under exceptional circumstances, the College might require an applicant to have a DBS check as an admission requirement.

4.2 Process for making a disclosure

- The purpose of a Risk Assessment is to identify and assess any applicant whose declared record of offences indicates they could be a risk to themselves, other students, staff, visitors or the College environment. The student Risk Assessment is one way in which the College works to provide a safe, respectful and inclusive environment for all students and staff.
- The risk assessment will be reviewed by at least three members of the Safeguarding Board by invite from the Safeguarding Team.
- The panel will discuss the nature of the disclosure, its relevance to the course applied for and will seek advice from external agencies if necessary. The panel will determine the risk outcome as follows:
 - Green – Application accepted and able to proceed
 - Amber – Applicant accepted with terms and conditions
 - Red – Unable to proceed with application as the risk presented cannot be managed satisfactorily while maintaining a duty of care to others
- In the case of the outcome being Amber or Red, the Safeguarding team will communicate this to the applicant. If the applicant is unable to proceed to

enrolment, advice on any options available regarding other appropriate courses will also be given.

- It may be necessary to share information about an applicant with a criminal record to appropriate staff or work placement provider. This information will be released on a 'need to know' basis only.

4.3 School Link Students

- The College relies on the linked school to inform the College if a pupil is being managed under a risk assessment following a disclosure of a criminal record. The College reserves the right to conduct its own risk assessment if it considers that there is a risk to the pupil or to its own student and staff population.

4.4 Convictions after commencement of a course

- If a student is convicted of a criminal offence after they have applied or started a course, they must inform the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead immediately via the dedicated safeguarding email – safe@wiltshire.ac.uk. Failure to do so will result in the College reviewing the case and this could result in the student being removed from the course.

4.5 Concerns raised about a student

- The College will investigate any disclosure made about an applicant or student by another person. In the event that any concern proves to be valid and the applicant or student has not made a disclosure to the College, the Safeguarding Panel will undertake a risk assessment as per the application stage or take a decision as to whether the student can continue with their studies.

4.6 Appeals

- Applicants who have been refused a place at College as a result of a Risk Assessment may appeal against the decision in writing within 14 days from the date the decision is communicated. They will consider each individual case and confirm their decision to the applicant in writing.

It is intended that this policy and procedure is fair to all. Where any part could potentially lead to unequal outcomes, the policy then justifies why this is a proportionate means of achieving a legitimate aim.

7 Data Retention Statement

The College will handle data and information in a manner that ensures that it safeguards individuals and personal data. Information will always be managed in a manner that complies with the College Data Protection Policy. All staff involved in admissions have received training that enables them to discharge their responsibilities in relation to data protection.

8 Monitoring, Review and Evaluation

- The department/team responsible for each area of student enrolment has an obligation to analyse and report the effectiveness of provision utilising tools such as observation records, service standards and customer feedback.
- Student enrolment results may be aggregated at different levels (by college, campus, subject area etc.)
- Issues arising may be addressed at various levels within the college. Key trends, areas for development, and key responses, form a major element of the annual Quality Cycle. Results of enrolment will be analysed and priority areas for action and improvement targets set within departmental areas and the organisation's overall Self-Assessment Report and Quality Improvement Plan. Action Plans will be monitored by the Quality Team.

9 Policy Review and Ownership

This policy and procedure is owned by the Admissions department. It will be reviewed by the Admissions department periodically, at least annually, to ensure it continues to be relevant and supports operational effectiveness.
